## FD Ultra Rechteck (Rectangular)

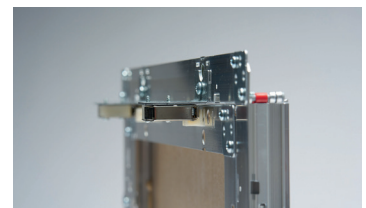

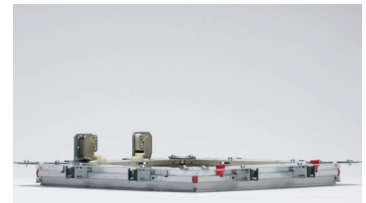

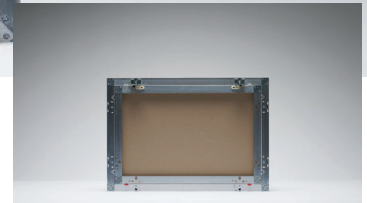

Inspection flap with plasterboard insert 1 x 12,5 flat

### POSSIBELE APPLICATIONS

Rectangular inspection flap with plasterboard insert for installation in a single-layer drywall construction (facing shells, wall and ceiling systems without building physics requirements). Selectable variant of the opening side (long or short side).

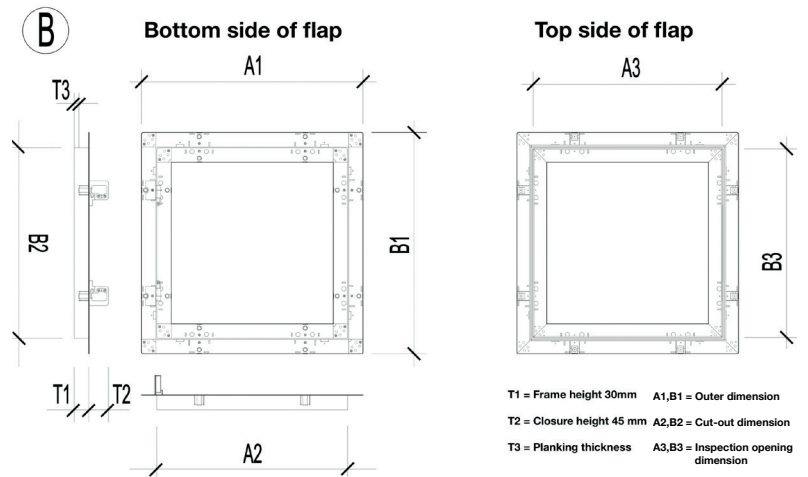

### PRODUCT ADVANTAGE

- Stable 4-component aluminium profile frame with a thickness of 1,25 mm
- Swing-out, completely removable 4-part inner cover
- Work in an assembly-friendly manner thanks to the uncomplicated and time saving installation (no drill tip screws required)
- We guarantee a clean, fast and easy installation
- There is no maintenance or post-processing needed
- Thanks to the concealed pressure locks you get a visually appealing finish
- Can be set up both during and after installation

## QUALITY

- The patented system ensures precise installation - efficient and functional
- Its construction guarantees a long service time
- The final assembly is stress free and clean
- Security by a patented drop safety guard
- Using only high quality materials
- Production „Made in Germany“ guarantees you high quality, sustainability and a long service life
